

Combined Partnership Expands to Improve Community-Based Support Services for Ontarians with Complex Needs

TORONTO, January 20, 2020 – In fall 2019, two not-for-profit agencies, DeafBlind Ontario Services and PHSS (Participating, Housing, Supports and Services), formed an integrative partnership to jointly advocate for and provide high quality, holistic and robust community supports to individuals who have highly specialized and unique needs across Ontario. In January 2020, a third agency joined the partnership: Community Living Chatham-Kent.

The objective of the partnership is to develop opportunities to integrate administration, systems and approaches that will allow for more efficient, person-focused services while operating in a more cost-effective manner.

The partnership will enhance the ability of Community Living Chatham-Kent, DeafBlind Ontario Services, and PHSS to share specialized expertise for the benefit of the people who receive support. The agencies will be working together to promote the unique needs of persons who require access to integrated services, and health care across the province.

“We are pleased to welcome Community Living Chatham-Kent to this partnership,” said Roxanna Spruyt-Rocks, CEO of DeafBlind Ontario Services. “The combined services of the three agencies provides long-term value through quality, specialized support for individuals with multiple, complex needs,”

“Community Living Chatham-Kent continues to be a very progressive organization within Ontario. We look forward to joining forces with like-minded, accredited agencies like DeafBlind Ontario Services and PHSS,” said Ron Coristine, Executive Director of Community Living Chatham-Kent. “Our focus will be on sharing knowledge and finding efficiencies, recognizing that the people who place their trust in our organizations are the number one priority.”
